PROJECTS

Diner Dates

Visual Novel Game | Jan 2023 - June 2023

A project at the end of my second year which was a visual novel-dating sim game , which i worked on with a team of seven people for 3 months. The game was nominated at the Swedish Game awards for the category diversity . I worked on programming , narrative writing and sound/music.

Hotel Peaklandia

Urban Explorer Horror Game | Nov 2023 - Ongoing

My current project i have been working on since last year. This game is a Urban explorer horror game. We are a team of eight people including myself and we worked closely to make an game for our indivual C-thesis papers. The game istelf it not yet published on any platform and will be soon for the next Swedish game awards.

Andrews Crazy Adventure

Pac-man Clone | Jan 2022

The first real game project that i made with a group of 6 people. The game itself is pacman clone , but the monsters and character is different. I worked on AI movement and path finding for them.
